

THE CITY OF
CALGARY

ALDERMAN DIANE COLLEY-URQUHART

July 24th, 2006

AMENDED MEMO (1000 hrs)

TO: Mayor Bronconnier
Members of City Council

FROM: Alderman Diane Colley-Urquhart

RE: Amendment
Notice of Motion Smoking Bylaw 57M92

Members of Council:

I would like to make the following amendment as noted above to try to address the concerns some Members of Council have raised with regard to those businesses that constructed smoke-free ventilated rooms with the understanding that the above bylaw would come into affect January 1, 2008. Other valid arguments relating to this Notice of Motion were that we were revisiting this matter without consulting with these businesses.

I am asking for your support on the following amendment:

- 2. Direct Administration to prepare an amending bylaw to the Smoking Bylaw 57M92 to change the smoke free Calgary date from January 1, 2008 to January 1, 2007 and that Administration be further directed to prepare an additional amendment to provide that businesses with smoking rooms built prior to July 1, 2006 as part of their facility be allowed to continue to use the rooms for smoking patrons until January, 2008.**

Diane Colley-Urquhart
