

A message from

Shawnee Evergreen Community Association

www.shawnee-evergreen.net

The purpose of this message is let you know that media interest in our story is growing. Our Alderman did an excellent radio interview about resistance to the potential sale of the golf course on QR77.

Alderman Colley-Urquhart was interviewed on AM770 radio yesterday morning (October 23) regarding the potential sale of Shaw-Nee Slopes Golf Course. As she clearly indicated in the recent Calgary Herald article (October 22), she fully supports our mandate to retain the land use for "Special Reserve". She states in the radio interview that "all hands are on deck" to stop development.

If you missed the five minute interview, you can hear it at www.qr77.com. At the top of the page, click "Hosts & Shows". Click on "Audiovault" in the left-hand menu. Change the "DATE" to Thu Oct. 23 and "TIME" to 7am and click on "GO". This will open your media player. You can skip forward to the interview timeslot by "dragging" the location "tab" at the bottom of the player screen to approximately $\frac{3}{4}$ of the way across the window (to 46:40 minutes). The interview started just before 7:47AM.

Guy Matheson
SECA President
