### **INTERACTIVE [www.aldermandiane.ca](http://www.aldermandiane.ca) WEBSITE TAKES ON NEW LOOK**

I am very pleased to announce the unveiling of my new interactive website, [www.aldermandiane.ca](http://www.aldermandiane.ca)! The website has proven to be a very successful information and communication tool over the past 5 years. The new redesigned site reflects what we have learned over this period of time and incorporates new ways to meet the expectations of residents. It further builds on my personal commitment to the residents of Ward 13 to keep you informed and seek your input on a timely basis. Your engagement on key matters is vital to my decision making process.

The website has evolved significantly over the years as new information has become available and technological interactive options are developed that can provide you with a direct link to me. The site will be updated frequently with timely news, reports and events planned in Ward 13 and the city at large.

Some of the features remain the same with a new, streamlined, look. You will still find important community information and links to city and community resources, as well as background reports and minutes that provide timely, accurate information on a variety of city-wide and community matters. A *Priorities* section spotlights those issues that are my priorities, based on what you've told me is most important to you. Newspaper clippings where I have provided comment, speeches I have delivered and events I have attended are posted for your interest and review. A special *Archives* section will house historic, but still relevant information.

The most exciting component is the ability for me to poll residents of Ward 13 on key policy matters and emerging issues. It is important that you provide me with your current contact information to ensure I can make you aware of these issues as they arise. To register, please go to my website home page and click on "**Subscribe to Updates.**" Please include as much information as possible, including your community.

***All Ward 13 residents who register to receive updates will be entered into a draw for some exciting prizes, including dinner for 2 with Mr. & Mrs. Harley Hotchkiss, Calgary Flames owner, in the Owner's Lounge followed by the game in the Flames Owner's Box for the 2006-07 season, dinner and a movie for 2 at a local restaurant in Ward 13, as well as gift certificates from local merchants! PLEASE BE SURE TO REGISTER EVEN IF WE CURRENTLY HAVE YOUR CONTACT INFORMATION. ALL registrations received by June 15, 2006 are eligible. Prizes will be drawn at the June 20, 2006 Ward 13 Presidents' Council meeting and winners***

***will be notified by email. A list of winners will be printed in your community association newsletter following the draw.***

This month's web-poll question asks:

*Of the following 4 issues, which one do you think is the most important to the residents of Ward 13:*

- a. traffic congestion and speeding*
- b. community safety and security*
- c. public transportation*
- d. taxes/user fees/levies*

Please take a minute to visit my website, participate in the poll and subscribe to my updates. I will publish the web-poll results in the next newsletter. This is my attempt to try to only have Ward 13 residents respond to ward issues. I urge you to register and engage in these matters.
