

SouthWest Connector

Workplan Presentation
TT&P Meeting February 2003

Introduction

Why the SouthWest Connector:

- Completing an important link
- Relieving congestion on other routes
- Finding a solution

Recommendations

- **Recommendation 1** - That this report be tabled until May 2003 TT&P to allow time for tri-party discussions
- **Recommendation 2** - That the Memorandum of Understanding developed in 2000 be considered in determining cost sharing for this workplan.
- **Recommendation 3** - That the Administration be directed to continue to develop a detailed workplan and costs in conjunction with Recommendations 1 and 2.
- **Recommendation 4** - That the Administration be directed to commence the Environmental inventory for the area with a maximum budget not to exceed \$100,000.

Recommendations

- **RECOMMENDATION 1 - Table Until After Tri-Party Discussions**

“That this report be tabled until the 2003 May meeting of TT&P to allow time for discussions to take place between the Tsuu T’ina Nation, The City and the Province relative to protecting a Sarcee Trail extension alignment west of the Weaselhead for the Southwest Connector.”

Recommendations

- **RECOMMENDATION 2 - Dealing with Workplan Costs**

“That the Memorandum of Understanding between The City, the Tsuu T’ina Nation and The Province signed in 2000 June, be considered in determining the appropriate cost sharing formula for studies related to the planning of the Southwest Connector and this cost sharing information be brought forward to the 2003 May meeting of TT&P.”

Recommendations

- **RECOMMENDATION 3 - Continued Workplan Development**

“That the Administration be directed to continue work towards developing a detailed workplan and cost estimates for the technical and communications tasks and this information be brought forward in conjunction with Recommendations #1 and #2.”

Recommendations

- **RECOMMENDATION 4 - What we can start now**

“That the Administration be instructed to commence the Environmental Inventory for the area as outlined in the attached workplan with a maximum budget not to exceed \$100,000.”
